About Anthem Business Solutions

Anthem Business Solutions is the premier Point of Sale provider in Oklahoma, serving restaurateurs, grocers, retailers and general business.

Formerly known as Tulsa Cash Register (TCR), our company was founded in 1958 and began to provide Oklahoma business owners excellent products and knowledgeable quality service.

With offices in Tulsa and Oklahoma City, we have the sales, service and support staff to serve your business. Owners, Dale Seefeldt and Scott Berkshire, along with their staff of 25, constantly and consistently strive to meet their customers' needs. Anthem Business Solutions goal is to provide top tier products with quality service and support to help businesses control their money and products in an efficient and profitable manner.

Why Anthem Business Solutions

Our Goal – To Provide, with Honesty and Integrity, Business Solutions that Increase Our Clients Efficiency and Profitability

Our business was founded in 1958 to provide cash control solutions to retailers. Today we are more than a company providing simple cash registers.

Our employees constantly strive to make sure your system is running as you expect, answer every phone call with a smile and to provide knowledgeable courteous service. Please take a look at the Testimonies page of our website and see some of the letters, cards, and e-mails customers have sent us. Many companies can sell you a POS system. But many companies do not even have a local business location and no local employees. And many companies make no investment in the community. But we do! Consider the charities our employees have chosen to support, not the ownership, but the employees. These charities are on our Community Support page. Our employees live and work in the local communities and want to build a partnership with you our customers. Our employees depend on you the local restaurant, grocery, convenience, liquor, clothing, car wash, or retail business owner for their livelihood and we will strive to show it. **You Have Our Personal Guarantee.**

While all relationships may have difficulties at times, we stand ready to address any issue you may have at any time. **You Have Our Personal Guarantee.** Please call us. Here are some of the people who stand ready to serve you.
